Self-taught and motivated, **Benjamin M. Weilert** brings commitment to all aspects of his life. Based in Colorado Springs, Colorado, Benjamin pulls inspiration from a large swath of sources. From the outdoors of Colorado to classical literature to all types of art, Ben is constantly integrating his experiences into his creative endeavors.

**His two most prolific creative outlets are writing and photography.**

Perhaps it's his love for good movies.

Perhaps it's his Mechanical Engineer dad and Graphic Artist mother.

Perhaps it's his way to balance out his technical day-job.

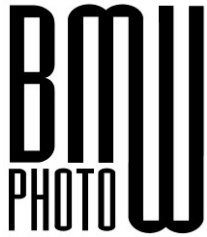

**Whatever the reason, Benjamin M. Weilert has found that he loves creating art through the written word and the lens of a camera.**
